I discovered an interesting story at the last moment. It appears that a young boy was taken from his home in Jersey C.I. to be used by the Germans for Forced Labour. From Jersey he went to GUERNSEY, then ALDERNEY and from there to a concentration camp in Northern France. After a short while he was wrongly accused o staeling a woman's wristlet watch (by the woman) and because of this he was persecuted, tortured and moved from camp to camp through France and in to Germany. After a short time at SANDBOSTEL his prescence was discovered by some BRITISH TROOPS and he was taken out (unofficially) from the awful compund and hidden in the Britishers hut until a uniform was found for him. By this time the FRENCH had taken over from the NAZI guards and the rest was easy. His particulares are as fellows. FRANK LEVILLIO, 6 VAL FLAISANT, WINCHESTER COTTAGES, JERSEY. C.I. Age 19.
