Dear Sir

For the past five years I am unable to trace my son who was deported from this Island along with me by the Germans Feb 23 1943 were interned in Kruzbomg Upper Silesia for a period of twelve months or so from there were sent to a jail in Opel Silesia later transferred to Straflager Blechhammer. January 1945 were put in concentration camp this being Gross Rossen. later to Harsbruck. then my son fell ill, later I learned he was sent to Flossenbug concentration camp. since then I lost all trace of him. I was released later by American Forces April 23 1945 in Swansdorf where I got to know that some of the prisoners from Flossenbug had been sent perhaps my son may have been sent there.

Sir since my return I have made enquiries to various Information bureaux but without success. I also got in touch with the French Consul in the American Zone who advised me to write to Baltimore USA from there they refer me to apply to you. I do hope you may help me in this anxious time.

In awaiting your reply

I am yours faithfully
J. Rossi

Re : R O S S I Marcel Fortune, born 14.12.1921
at Sutton Bridge, Lincs. British. Home; Channel Islands.
Enquirer : R O S S I, John - Father.
Belgrave House, Great Union Road, St. Helier, Jersey, C.I.

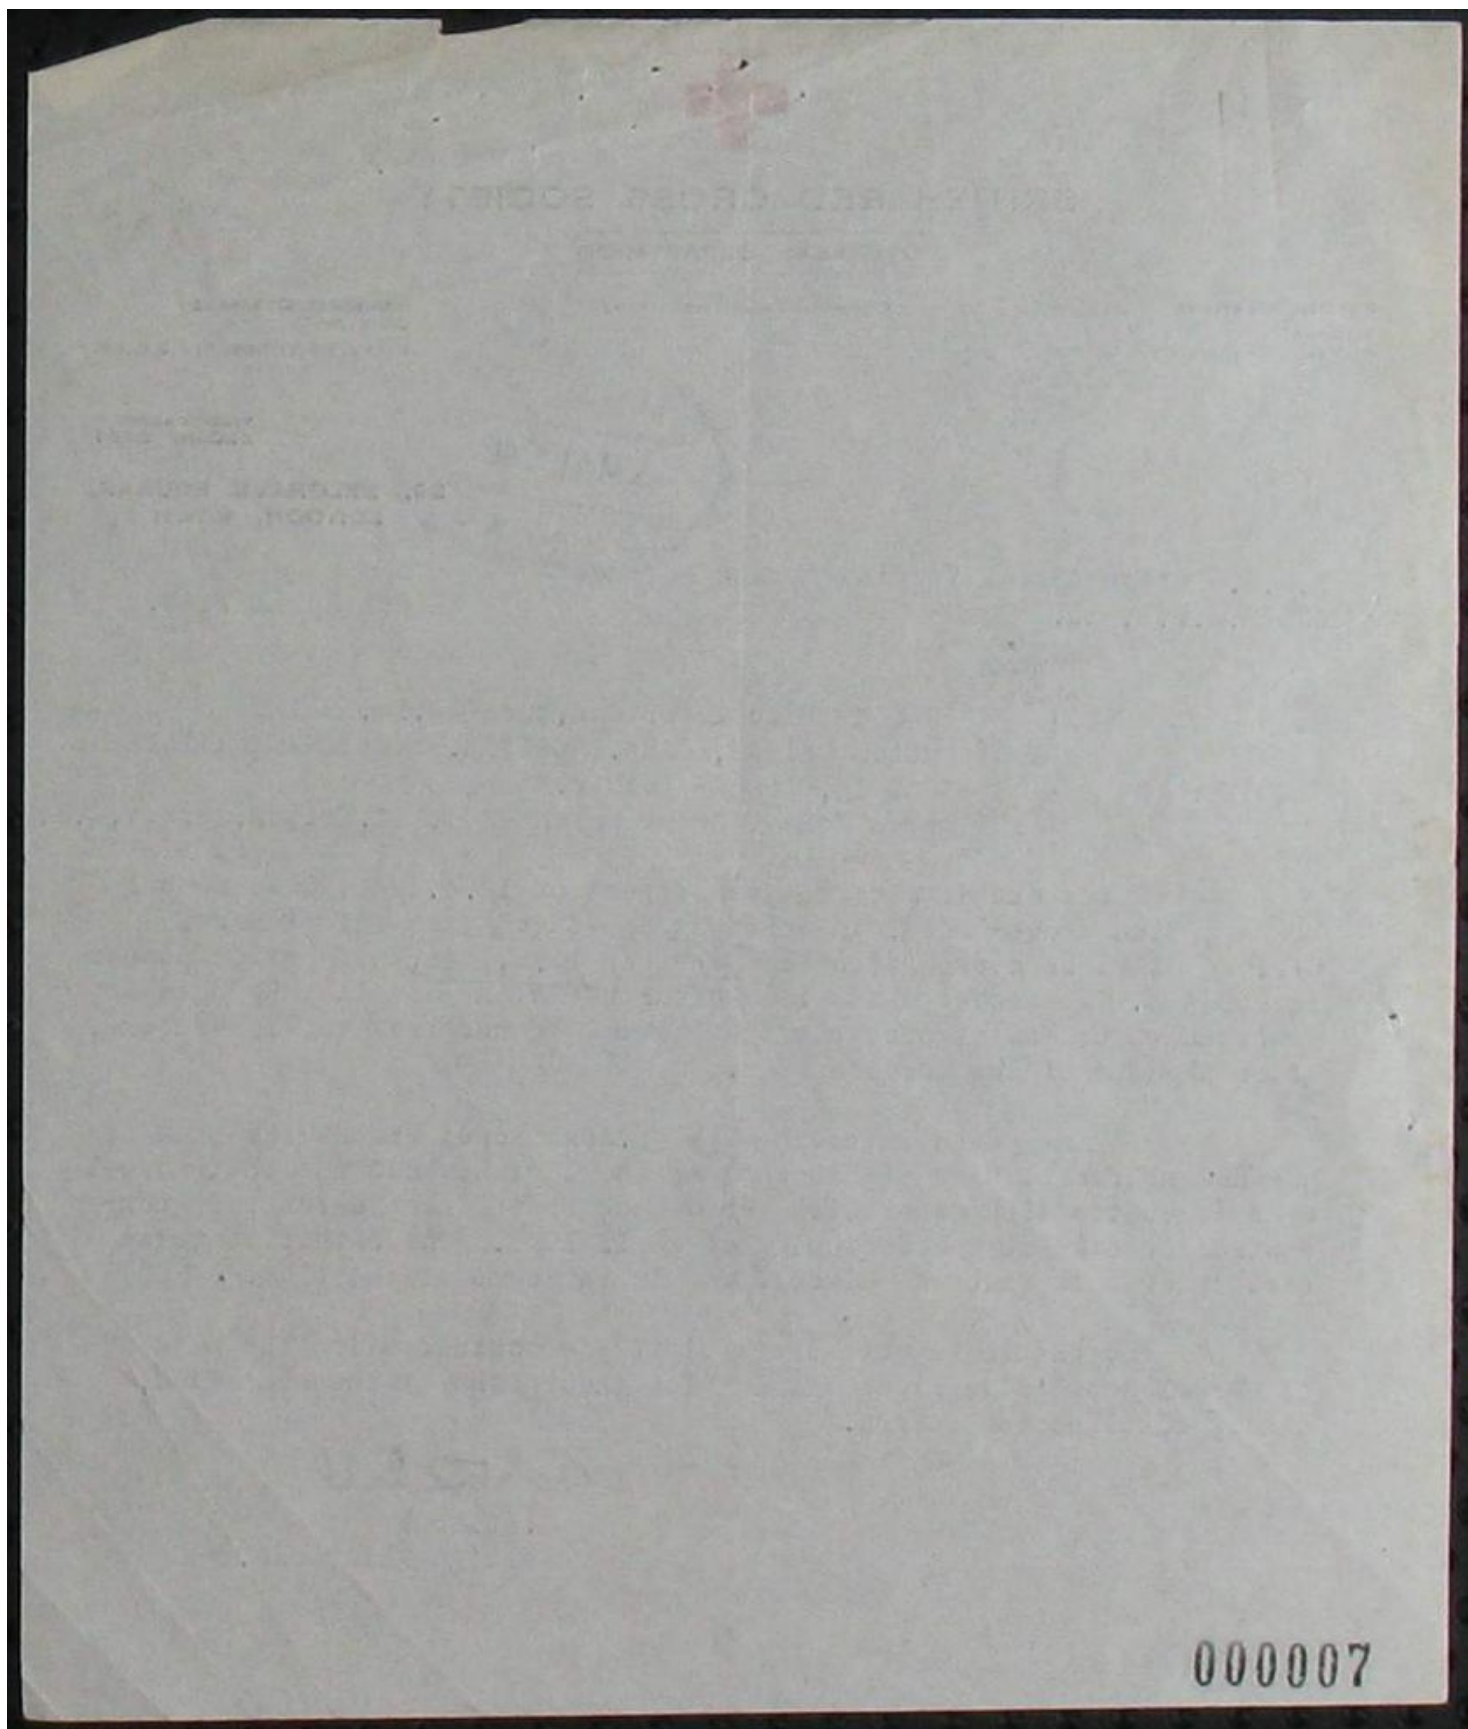

Reference is made to your report of 12.4.1948, Case number 25854 on the above-named, in which it is stated that Marcel Rossi arrived at Flossenbug Prison on December 15th, 1945. His prison number is 85614 E. We wonder whether an error has been made in this date as it seems to us most improbable that he was transferred to Flossenbug, after the end of the European war.

We have been in touch with Mr. John Rossi who states that he has had no recent news of his son and the last he knew was that Marcel was evacuated with other sick persons by train from Herzogsbrunn concentration camp at the beginning of April 1945. The father is quite certain of this since he himself was in the camp at the time.

We should be most grateful if you would confirm the date of Marcel Rossi's imprisonment in Flossenbug and at the same time, kindly continue the search.
